CARE OF GOD'S CREATION

1 --A Weekly Tip on Caring for Our Common Home
When eating at a buffet restaurant or on a picnic, you can help conserve natural resources and reduce waste by taking just one plate, one napkin and only the utensils you need. Encourage others to do the same.

2 -- A Weekly Tip on Caring for Our Common Home
Try to eliminate as much disposable plastic from your life as possible; it breaks down into tiny particles that enter streams, lakes and oceans. Do not buy water bottled in a plastic container. Use a reusable water bottle and fill it at the tap or water fountain. Many airports now have water container filling stations.

God does not love us because we are valuable. We are valuable because God loves us.
