FAITH COMMUNITY NURSING

Topic: Topic: Children’s Eye Health

“Children are highly vulnerable to eye-related issues, and early detection is crucial. Eye problems, such as refractive errors, amblyopia (lazy eye), and strabismus (crossed eyes), can be treated effectively if identified early. Look for signs of eye problems in children, such as squinting, frequent headaches, rubbing eyes excessively, or holding objects too close. Eye safety is equally vital during this month and beyond. Children are naturally curious, and their explorations can sometimes lead to eye injuries. Create a safe environment by removing potential hazards such as sharp objects, harmful chemicals, and unsafe toys. When engaging in sports or outdoor activities, children should wear protective eyewear to prevent accidental eye injuries” (Intercommunity Health Care, 2024).

CANADA PILGRIMAGE UPDATE!

Fr. Pat's pilgrimage to Canada has been rescheduled. With the hope of gaining more people, the date has been changed from this coming October, to June 3-9 of next year, 2025.

The pilgrimage has been shortened from 11 to 7 days, which has decreased the price to \$2,699.

Brochures with sign-up sheets are available at the doors of the church. Please consider joining Fr. Pat on this pilgrimage to the shrines of the Canadian saints.
