

**Jesus said,
“Let the one among you
who is without sin
be the first
to throw a stone
at her.”**

FAITH COMMUNITY NURSING

Topic: Testicular Cancer Awareness

April is testicular awareness month and a great opportunity to remind men that early detection is a key element in promoting better outcomes. Testicular cancer is the leading cause of cancer in men ages 15-44 but is 95% curable when detected early. Regular self-exams are one way to promote early detection. When testicular cancer is caught early, treatment interventions may be lessened with positive outcomes.

Please see the link below for information about self-examination, risk factors, diagnostics, signs & symptoms and more.

Faith Community Health at Carle connects you and your faith community to needed healthcare and wellness support, taking a whole-person approach to health.

GOOD FRIDAY—HOLY LAND COLLECTION

Helping Christians in the Holy Land

Franciscan priests and brothers are the custodians of the Christian sites in the Holy Land and they are counting on our financial help to assist them in providing presence, care and service on that holy ground. These dedicated servants of God work tirelessly to preserve the sanctuaries and shrines from the life of Jesus and the prophets. Funds collected last year on Good Friday helped to preserve 74 Christian sites and supported over 100 men preparing to be priests or brothers. Your contribution to the Good Friday collection this year will help this most worthy cause. Can we count on you?

VICARIATE LENTEN PENANCE SERVICES
